Columbia Mortage Nips Lawson Ford

Columbia Mortage scored early in the game and then held off two Lawson Ford rallies to win a "A" league softball game last week 8-6 at Lynchburg.

Columbia Mortage got a 5-0 lead in the first three innings while Lawson Ford managed only one hit in that time. Lawson's rallied in the fourth for two runs and left men on first and third to made it 6-2. CM then got two in the fifth and Lawson's came back with four runs on five hits and left two men stranded in the sixth.

Johnny Cash and Arnold Johannes led the Lawson attack with two hits each. Cash, Mike Ogden and Pete Lampman each drove in two runs.

Wilcox's Hit Gives Lawson's 6-5 Win

Buddy Wilcox singled to right field to give Lawson Ford a 6-5 come from behind win over Pepsi Cola in eight innings last week in the Class "A" league in Lynchburg.

Pepsi Cola scored three runs in the first inning for a 3-0 lead and Lawson's got one in the third to make it 3-1. In the sixth Lawson's tied it at 3-3 on two hits, an error and a sacrifice fly. Both teams were three up and three down in the seventh. In the eighth Pepsi got two runs on three hits and an error to take a 5-3 lead. Lawson's then started the eighth as Pete Lampman singled, Donnie Clements doubled and Arnold Johannes singled to score Lampman. Mike Ogden was walked to load the bases with one out and Ray Tweedy singled to score Clements and tie it at 5-5. Buddy Wilcox then laced a single to right to score Thompson who was running for Johannes with the winning run.

Clements led the Lawson Ford attack with three hits and Johnny Cash, Arnold Johannes and Buddy Wilcox each had two hits apiece in the 13 hit attack.

Swim Classes End For Season

Again this year, the Appomattox County Jaycees and the Virginia YMCA co-sponsored swimming classes in Appomattox for children ages 5 - 12. During a four-week period, Miss Susan Oliver, instructor, taught swimming, beginner and advanced beginner class, to 110 children in our county.

This is the third consecutive year that Miss Oliver has taught classes here and in that period of time a total of 340 children have had an opportunity to learn to swim.

A thank you goes to Mr. and Mrs. Ray Noble, owners and operators of the TRAVELLERS INN MOTEL, who very graciously loaned the use of their pool at the motel for these classes.

The last class for this season was held last Friday.

Cheerleaders Plan Mascot Program

The Appomattox County High School varsity cheerleaders are planning a mascot program for the 1974 football season.

The cheerleading squad will hold a coke party July 30 to introduce the program to prospective mascots. The party will be held at Appomattox County Middle School (old high school) in the cafeteria from 7: to 8: p.m.

Any girl five or six years old is eligible to try out for the mascot program. Parents must agree to attend every home football game and be willing to purchase the girls' uniform.

Prospective mascots will not be expected to emit cheers at the party but will be accepted on personality and attitude.

Hereford Field Day Draws Crowd

BLACKSBURG - The Virginia Hereford Field Day at the Animal Science Farm at Va. Tech, July 5-6 attracted about 200 Hereford breeders, 4-H and FFA members and other Hereford enthusiasts.

Several contests were held for the juniors Sat., July 6. Winners in the showmanship contest were Malcolm Boothe of Dublin, and Florence Powell of Johnson City, Tenn. Boothe represented Virginia in the National Hereford Fitting and Showmanship Contest July 18-19 in Kansas City, Mo. Miss Powell was the alternate.

In a unique judging contest of three classes of Hereford cattle, team winners were: Grayson County 4-H, first; Halifax County FFA, second; Montgomery County 4 - H third; Ft. Defiance FFA, fourth, and Pulaski 4-H fifth.

High individuals in the 4-H and FFA contests were: Barry Muse, Radford, first; Charles Bond, Independence, second; David Slaback, South Boston, third; Susan Raines, Cedar Bluff, fourth and Mike Hedrick, Independence, fifth. The winning adult in the judging contest was Doc Younger from Southern Pines, N.C.

At the field day, Margaret Snider of Troutville was named Virginia Hereford Queen.

The keynote speaker for the field day was P. H. White Jr., of Dyersburg, Tenn., president of the American Hereford Association (AJHA). His topic was "Promoting Herefords is Your Business."

The visitors to the campus were welcomed by Milton B. Wise, head of the animal science department, and Harry Jones of Tazewell, president of the Virginia Hereford Association.

George W. Litton, Tech professor emeritus of animal science, chaired a panel on "The Place of Herefords in Virginia and the Southeast." Gary L. Minish, associate professor of animal science, showed a slide presentation on the history and development of Herefords. A. L. Eller Jr., assistant professor and Extension specialist in animal science, spoke on "How to Meet the Competition" and B. C. "Bud" Snidow, assistant secretary of the AHA from Kansas City, Mo., spoke on "As the AHA Sees the Hereford Business East of the River."

Soothe That Jellyfish Sting

BLACKSBURG - If you've ever been stung by a jellyfish at the beach, it may be small comfort to know that not all species of this primitive marine animal can sting. But there is a remedy.

Putting meat tenderizer on jellyfish stings will soothe the discomfort, George J. Flick, Jr., Extension seafood specialist at Virginia Tech, advised.

Flick described the jellyfish as an "elusive" creature that is neither jelly nor fish, but eats fish and other small marine animals. Jellyfish do not migrate, as is widely believed, he said, but are moved about by the tides and currents. They are found in abundance from the arctic to the tropics, mostly in shaddow waters.

Ordinarily, jellyfish appear as translucent, umbrella shaped masses with tentacles of varying lengths suspended from the edge or underside of the body, Glick said.

FOOD SHOPPER

Summertime is fun time, especially when it comes to mealtime. With the warmer weather many cooks prefer easy to fix meals. Who wants to be in a hot kitchen when there's so many interesting activities going on outside.

Some of the items included in your summertime food shopping list will vary dramatically from your wintertime list. If it doesn't vary this may be the time to map out your strategy to r·not weather meals.

Now is when fresh produce is plentiful so be sure to take advantage of the peak quality and low price. With cold meals being a favorite when the mercury starts climbing remember to take advantage of these items. Think of the many ways different produce items can be used. Next time serve your favorite salad, such as tuna, chicken or egg heaped into a juicy ripe tomato. Or instead of using a tomato as the base switch to a cantaloupe ring or peach halves.

If you plan to prepare a roast,try to cook it in the morning hours when it's not so hot.Then, serve cold slices of meat accompanied by finger foods such as raw carrots,zucchini,tomato wedges and deviled eggs. Or,for a switch have some fresh fruit and cheese with the meat.

When you go food shopping build your meals around the items on special. If you planned to purchase a roast get the one which will give you the most servings per pound at the lowest cost. In the produce area buy the items on special and then try new ways of preparation. Green beans are great marinated and served cold over lettuce. This would be a nice hot weather switch.

Eye appeal can really make a "ho-hum" meal look like a million dollars to hot and hungry family members. Instead of "leftovers again", you'll hear comments like, "let's eat like this more often." To give your meals eye appeal combine interesting colors and include some simple garnishes such as raw radishes, spiced apple slices or a favorite relish. It's the little things that dress up a meal.

For a switch serve in a different setting the basement, use a or TV trays or use table outdoors. Then fresh cut flowers garden on the table great setting for a meal.

Start planning your time food strategy advantage of the featu while you enjoy coo meals.

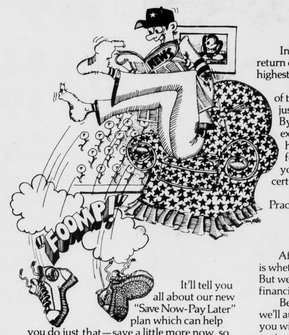
If the problem of saving money is more than you can stand sit down and read this.



The strategy of saving.

In the first place, it guarantees you a 5% return on the money you deposit, the highest allowed by law.

What's more, it gives you the option of talking to a financial expert about just how much you should be saving. By looking at your present income and expenses as well as those of the future, he'll help you decide what's right for you. And show you exactly what you can expect to have saved by a certain date.

So you really can plan for the future. Practically and precisely.

If you leave it to us now. You'll get it all back later.

After that, the only thing left to chance is whether or not your deposits are made. But we can even make that (as well as your financial growth) automatic. Literally.

Because if you leave it to us each month, we'll automatically transfer any amount you wish from your checking to your savings account.

So your money will grow the way it should—consistently. And so even your long range goals, like the kids' education or a new home, won't take long to reach.

For complete details on the "Save Now-Pay Later" plan, stop by any Fidelity office.

It's one way to make sure you won't have to take the problems of saving money sitting down.

It'll tell you all about our new "Save Now-Pay Later" plan which can help you do just that—save a little more now, so you can have a lot more later.

Instead of handing you a savings plan, we'll help you plan your savings.

The main difference between it and other plans you've heard of is that it really is a plan. Not just a way to store some money for awhile, but an actual strategy for your financial development.
